

COURSE ON BETTA GENETICS 2.0 (SIX MONTHS OF ACCESS)

DISCLAIMER

The visual, phonographic content and information contained in this material are the property of BETTA PROJECT - A DNA EXPERIENCE and are protected by international intellectual property laws and treaties, the total or partial copying, distribution, use or publication of which is absolutely forbidden. Any material and nature, including, but not limited to, the CONTENTS presented without prior and express authorization from the authors. All rights reserved.

TERMS AND CONDITIONS

This course was developed for bettas enthusiasts and breeders. It is a rich, dense material and entirely in video classes on Betta Genetics. The course is hosted on the Hotmart platform, suitable for online courses. The interaction between you and the platform is necessary for checkout, access to the course and requests.

Read the terms below regarding our conditions and recommendations.

1. Six (6) months of access to the study will be made available through video classes;
2. You will carry out the study independently. Organize yourself to absorb all the content. Create study goals for videos;
3. We do not support the course under any circumstances. This could generate an indefinite number of emails and, on the other hand, our lean structure wouldn't be able to handle them all;
4. For reasons of didactics, we agree to send the course material in two stages:
 - At the entrance, you will have available modules 1, 2 and the workbook in PDF. We suggest that you print it and fill in its gaps for better understanding and retention of the content;
 - From the 8th day, the rest of the content will be made available.
5. The course is very didactic. If in doubt, return the film;
6. We offer a period of 7 (seven) calendar days, from payment, to evaluate the material. Browse classes and rate content. In this (guarantee) period your money will be refunded if a refund is requested;
7. We may eventually include additional materials in the course during the term;
8. Subscription is non-recurring. That is, after 6 months of access, you can purchase new access for another period;
9. There will be satisfaction surveys during learning. Your participation is important to us;
10. Simultaneous logins on the platform are not allowed;
11. Once payment has been cleared, classes will be released. The login information will be sent to your email through the Hotmart platform.

We wish you success with your Bettas!
